Subject: Notice of delay in scheduled audit

Chief Stuart,

This memo serves as notice to the public to support the reason for delay in obtaining our PREA audit due in mid 2020. As you know 2020 was an unprecedented year in which COVID-19 ravaged our community and the world. The presentation of COVID-19 and subsequent operational modifications required our focus to shift from typical day to day to emergency response efforts. As the COVID crisis was navigated, our audit was delayed and unable to be tended to until 2023. Although the audit was delayed, we have continued to maintain a focus on PREA compliance and maintaining PREA standards despite the inability to conduct an audit. Our audit is now in process and we will continue to prioritize PREA compliance and certificatoin going forward.

Thank you,

Lt. Abigail Belangeri
